FIGHT FOR THEIR LIVES

CAPTAIN AND CREW BUFFETED BY WIND AND WAVE ON THE ATLANTIC.

THEY BRAVED DEATH FOR A MONTH

Provisions Gone, Boats Smashed, and Sea Rising in Hold, Are Rescued 400 Miles Off Shore.

New York, Nov. 18.—With forestay sail set, the schooner Jennie Thomas, of Savannah, Ga., lumber-laden, is sailing eastward some 400 miles east of the Cape of Virginia, abandoned by her crew in water-logged condition.

The captain, William Campbell, and his crew of six men, were brought here yesterday on the steamship Afghanistan from Arabian ports. They had fought for their lives for nearly a month on board the leaking vessel in a succession of heavy westerly gales that tore off the vessel's sails and kicked up mountainous seas that swept the decks, flooded the hold and destroyed their provisions.

Describing the experiences, Captain Campbell said:

"We sailed from Savannah on Oct. 16 with a cargo of lumber for Philadelphia. Stormy weather was encountered almost from the start. On the fifth day out the gasoline engine broke down, the foresail blew away and the vessel's seams opened, the water rapidly growing in the hold. We manned the pumps and for twelve days kept them going day and night, but the water gained steadily. Seas boarded the vessel, swept away everything movable and smashed our boats.

"On Nov. 16, when the men had almost given up hope, the steamer Afghanistan came along. We asked for provisions and these were sent to us by the steamer's boat. As the boat started back my men left the pumps as they saw what they regarded as their last chance for life disappeared, and refused to stay with the vessel any longer.

"So we decided to abandon the schooner. We last saw her drifting eastward at the rate of fifty miles a day."

TRIAL IS PROCEEDING

Motions Made to Delay Ruef Trial Were Swept Aside by Court.

San Francisco, Nov. 18.—With Hiram Johnson, Matthew J. Sullivan and Joseph J. Dwyer, attorneys who volunteered their services, at the trial table, in place of Special Prosecutor Francis J. Heney, who was shot down in the court room last Friday afternoon, the trial of Abraham Ruef, former political boss of San Francisco, who is under several scores of indictments charging him with bribery, was resumed before Judge Wm. P. Lawler today where it was interrupted by the shooting of Heney last week.

The court swept aside all motions and technicalities that were interposed to stop the progress of the trial.

TO GO TO PHILIPPINES

General W. D. Duvall to Be in Command on the Islands.

Washington, Nov. 18.—Major General W. D. Duvall has been selected to succeed Major General John F. Weston, in command of the United States troops in the Philippines.

General Duvall is now assistant chief of staff and will probably be succeeded in that position by General Thomas H. Barry, now in command of the American army in Cuba. General Weston leaves the Philippines for home Dec. 15.

HEN ROOST CLUB NO. 91,929

Organized and Affiliated Association of Scissorbills.

Hen Roost club No. 91,929, Organized and Affiliated Association of "Scissorbills," held the second annual entertainment since the organization of the club at the apartments of Charles Rock, a mail carrier, on West Fifth street, last night, fourteen invited guests being in attendance.

An informal program, consisting of "whist" playing, story telling and vo-

cal selections constituted the feature of the evening's amusement, and refreshments of brick cheese and ham sandwiches, wieners, apples, light drinks and cigars were served.

Among the selections rendered were "Does She Love Me?" by Harold Baxter; "Why Did They Take My Money?" by H. F. Brill; "Will You Meet Me in the Cellar Tonight?" by "Dick" Wessen, and "Why Did She Refuse to Speak to Me?" by Andy Knipp.

Those present were: Nelson Hanpeter, A. J. Knipp, Earl Starling, Charles Rock, S. H. Barnett, J. C. Maus, Lloyd Steinmetz, Harold Baxter, "Dick" Wessen, H. F. Brill, J. C. Brown, Arthur Meuschke and John Palmer.

ARRESTED AT A FUNERAL

WALTER ZELLER, ONE OF ALLEGED MURDERERS OF HIS GRANDFATHER.

THREE BOYS CHARGED WITH CRIME

Victim Was 70 Years Old and \$1500 of His Money Is Missing—Two of the Trio Are Now in Custody of Officers.

Vineland, N. J., Nov. 18.—The police today are searching for Herbert Gragg, 19 years old, who, with Cline Wheeler, 20 years old, and Walter Zeller, 10 years old, is accused of the murder of William Read, 70 years old, the grandfather of young Zeller.

Zeller confesses the murder plot, but lays the blame of the actual murder on Wheeler.

Fifteen hundred dollars belonging to the old man is missing.

The murder was committed Friday, while Zeller's parents were at a theater.

Young Zeller was arrested at the victim's funeral.

STOLEN GOODS FOUND

The \$500 Worth That Were Taken from a Parsons Store.

Parsons, Kas., Nov. 18.—The \$500 worth of silks, furs and other merchandise stolen from Straasberger's store Sunday last, was recovered today in the rooming house of Mrs. E. James.

The woman confessed, implicating Paul Weggen, a police officer, and Harry Cloughley. Weggen was arrested, but escaped.

ALL LOST BUT ONE

The Referendum Amendment the Only One That Carried.

Jefferson City, Mo., Nov. 18.—A representative of Referendum League, who has tabulated the returns on the constitutional amendments declares that the referendum amendment majority will be about 20,000, but all the other amendments were lost.

USED A DRILL AND "JIMMY"

An Expert Craftsman Opened a Safe for a Receiver.

Chicago, Nov. 18.—With a drill and a "jimmy," an expert craftsman employed by Receiver Francis A. Peabody, opened the vault of the Mercantile Finance company, which has been under guard for four weeks, Monday.

Securities which are expected to satisfy claims amounting to \$90,000 were taken from the vault by the receiver.

MR. ROCKEFELLER A WITNESS

In Government Suit to Dissolve Oil Company.

New York, Nov. 18.—John D. Rockefeller will go on the witness stand at 2 o'clock this afternoon in the government's suit to dissolve the Standard Oil company of New Jersey.

Theft Reported to Police.

A man, whose name could not be learned, reported to the police today the disappearance of his coat and hat, which had been stolen from the closet at the Missouri Pacific station. The stranger was drowsy and dozed off into a sleep, and when he awoke his hat and coat were gone.

SMUGGLING COMES HIGH

PICTURES OF MRS GARDNER, OF CHICAGO, HAVE COST ABOUT \$70,000.

THERE IS \$82,000 MORE COMING

"The United States of America vs. Two Oil Paintings et al," the Title of Suit for Forfeiture.

Chicago, Nov. 18.—"The United States of America versus two oil paintings et al is the title of a suit filed by the government yesterday for the forfeiture of works of art belonging to Mrs. "Jack" Gardner, of Boston, and smuggled into the United States by Mrs. Emily Crane Chadbourne, of Chicago.

When Mrs. Chadbourne brought Mrs. Gardner's art treasures into the United States from England last summer she listed them as "household effects," roughly valued at \$8,000. An appraiser in Chicago placed their value at \$82,411.

Mrs. Chadbourne was compelled to pay the regular duty on this valuation, amounting to \$29,203, and a penalty of \$41,205, a total of \$70,409. If she wishes to regain possession of the property she must still pay the appraised valuation of the shipment, \$82,411.

No move in this direction has been made, it is said, by either Mrs. Chadbourne or Mrs. Gardner, and in the course of a few weeks it is regarded as probable that an Italian madonna several tapestries of ancient and cunning make and other articles will go under the auctioneer's hammer to the highest bidder.

NEW LODGE INSTITUTED

Middle Queen Rebekah No. 528 at Windsor Last Night.

Middle Queen Rebekah lodge No. 528, I. O. O. F., was instituted at Windsor Tuesday night with a charter membership of fifty-five. Mrs. Jerome Moyer, of Sedalia, grand warden of the state assembly, assisted by ladies of this city and Calhoun, instituted the lodge.

Officers were elected and an informal entertainment carried out. The following Sedalians attended:

Mr. and Mrs. Jerome Moyer, Mesdames J. T. Taylor, Thomas Kaler, Sue McVey, Miss Leah Wallace, Mrs. Stunkard, Mr. and Mrs. L. E. Johnson, Mrs. Charles Goodnight, Mr. and Mrs. Max Lauterbach, Mr. and Mrs. C. M. Winner, Mrs. G. S. Hayden, Miss Grace Harbit and father, W. J. Harbit.

PRINT THE LIST MONDAY

A Big Job to Get It Ready, Chairman Hitchcock Says.

New York, Nov. 18.—George B. Sheldon, treasurer, and Chairman Hitchcock, of the republican national committee, were in conference several hours yesterday at national headquarters.

Mr. Hitchcock said after the meeting that the list of contributors to the republican campaign fund probably will be ready for publication on Monday.

"It is a tremendous job," he said.

EARLY BRANDENBERGER TRIAL

November 30 Date Set for Alleged Forger's Hearing.

New York, Nov. 18.—The date of the trial of Proughnont Brandenburg, the writer, who is under indictment on a charge of forgery, growing out of the sale of an article purporting to have been written by the late Grover Cleveland, was yesterday fixed for November 30. Brandenburg was arraigned in court and pleaded not guilty.

LAWYER FROM FRISCO

Long Distance Talent to Defend Alleged Mail Pouch Thief.

Kansas City, Mo., Nov. 18.—Protesting that he did not steal the \$50,000 mail pouch, which he is charged with having done, A. S. Stevens, the negro ex-convict to be tried in the federal court next Monday, has employed an attorney in San Francisco. The attorney did not want to come

to Kansas City, and according to a dispatch from San Francisco, set a price on his services so high that he did not think the negro could possibly pay it.

Instead of that instructions went from the Kansas City jail to the law office in San Francisco directing the attorney to be here next Monday. It was not stated whether or not there was a remittance in the letter.

Count Boni's Suit Postponed.

Paris, Nov. 18.—The hearing of the suit brought by Count Boni de Castellane against the Princess Helie de Sagan for the custody of his three children was today postponed until November 25.

AN ENTIRE NEW CABINET

THIS IS THE LATEST NEWS HERALDED FROM THE NATIONAL CAPITAL.

BECHEERFUL INFORMATION FOR ALL

Mr. Root Possibly the Only Member Mr. Taft Would Desire to Retain—Latter Would Prefer the Senate.

Washington, Nov. 18.—A good many aspiring politicians are cheering over information which has just reached them from what seems to be authentic sources that President-elect Taft will construct an entirely new cabinet.

This information has been gaining circulation since the visit of Mr. Taft to the White House last Sunday.

President Roosevelt, it is said, has advised his successor to make a clean sweep of the cabinet, not because it is not an efficient body of men, but because he feels that if several of the present cabinet members be retained the public might gain the impression that he fastened the men on the new administration.

One of Mr. Taft's advisers said yesterday that Mr. Root is probably the only man in the present cabinet whose services the new president would want.

MORE PAY FOR NAVY MEN

Employees in Government Yards Get 4 to 10 Per Cent Increase.

Washington, Nov. 18.—Letters are being sent out by the navy department to about 1,000 employees of navy yards throughout the country notifying them of an increase in salaries ranging from 4 to 10 per cent.

The employees include draughtsmen, clerks and assistant inspectors and the increase in compensation is provided for by the lump appropriations for the various classes of work in the several yards.

The effect is to bring the rate of pay up to that of similar kinds of work in other branches of the government service.

THE CHINESE SITUATION

No Material Change in Affairs in Peking This Morning.

Peking, Nov. 18.—The situation here this morning showed no material change over yesterday, but rumors are rife of political jealousies at the palace.

Considerable adverse comment has been aroused by the fact that Prince Chun, the regent, is ignoring the Chinese in announcing the composition of the committee that is to have the obsequies of the late emperor and empress in hand. Only two Chinese are appointed, the remainder being Manchus.

SPIDER CAUSED HIS DEATH

Medicine and Surgery Failed to Save a Man's Life.

New York, Nov. 18.—Medicine and surgery failed to save the life of William P. Frezer, of this city, after he was bitten on the hand by a spider. Blood poisoning was the immediate cause of his death.

Frazer was the superintendent of a storage warehouse in Westchester county and was bitten by the insect while cleaning a room in the warehouse.

The wound seemed to heal soon, but subsequently blood poisoning set in and although an operation was performed he succumbed.

HON. W. J. BRYAN IN TEXAS

PREFERS TO RETIRE BUT MAY BE A CANDIDATE FOUR YEARS HENCE.

KILLS TWENTY-FIVE DUCKS IN DAY

Nebraskan Has Good Luck Hunting Near San Antonio—Plans Several Weeks of Sport in Lone Star State.

San Antonio, Tex., Nov. 18.—Mr. and Mrs. William J. Bryan arrived in San Antonio yesterday and spent the day here.

Immediately after breakfast Mr. Bryan left in an automobile for a duck hunt at a lake fifteen miles from here, and spent the day there with a few close friends. Clad in a duck suit, with high rubber boots, he forgot political questions in his ardent desire to bring in a bag of birds.

The sport proved good and by 5 o'clock he had killed the limit, twenty-five ducks. He returned to the city and in the afternoon made a brief nonpolitical address. In an interview regarding his future plans he said:

"I had much prefer to retire to private life, and I hope that four years hence circumstances will not be such as to force me into the campaign. But if circumstances should call me to battle, I will. The burden carried by the candidate is heavy, but no heavier than that carried by an officeholder. I do not desire to ever be a candidate for office again, but it is a difficult matter to make a rule for the future.

"What the plans will be four years from now I am unable to say. The newspapers are the ones making the plans, but whether or not they will be accepted by the democratic party is a matter of conjecture. The democratic party is very much alive and will be in the fight at the next presidential election. Further than this I do not care to say on the subject of politics at this time."

Mr. Bryan left for Corpus Christi last night to attend the Deep Waterways convention. He will remain there several days. From there he goes to Mexico for two weeks. He will then return to Galveston, where he will hunt ducks for four weeks.

"GIANTS" WANT TO PLAY HERE

Anxious for a Game in Sedalia, on Way Home From Texas.

Col. A. C. Miner, traveling passenger agent for the M. & K. T., today received a telegram from the New York Giants, of the National Baseball league, asking if they could arrange to play a game here next spring, on their way home from their annual practice in Texas.

The matter was referred to H. V. Leist, who will attend the annual meeting of the Western Baseball association in Kansas City next month to look over the field with a possible view of getting a franchise for Sedalia, and until after that meeting no definite answer can be given the Giants.

JUDGE WILL NOT RETIRE

Sees No Reason Why He Should Quit the Supreme Bench.

Washington, Nov. 18.—Justice Harlan, of the United States supreme court, yesterday denied that it was his intention to retire from the bench. "I have never authorized anyone to say that I have any purpose to retire," he declared. "Whenever I come to retire voluntarily I will let the public know. Just now I see no reason to quit the bench."

"BLACK BILLY" TO RETIRE

Has Served 21 Years Continuously As a "Awkshaw."

About twenty-one years' continuous service as a member of the constabulary of Sedalia township, "Billy" Drake, the colored deputy constable, familiarly known as "Black Hawk" Drake, will sever connections with the department tomorrow and expects to be employed in future at the shops.

Constable-elect Lou H. Kahrs will assume the duties of his office tomorrow at which time Drake will step down and out.

"Billy" is well advanced in the art of catching criminals, and is a thor-

oughbred sleuth. He knows every man and woman of his color in Sedalia and surrounding places, and detects a strange negro in the city at first sight.

The greater portion of his career has been served in the constabulary, and his retirement tomorrow will no doubt cause regret among many colored folks of the city.

Arranged for Parlor Meeting.

The W. C. T. U. met with Mrs. J. F. Reece, 211 West Sixth street, Tuesday afternoon, and arranged to hold a "parlor meeting" at the home of Mrs. Sarah E. Cotton, 300 East Broadway, at a date to be announced later.

ACCUSED MAN KILLS SELF

JURYMAN SAYS IF PRISONER IS GUILTY CUN WILL SWEAT BLOOD.

THINKS RUST ON BARREL IS FLUID

Prisoner Plunges His Knife Into His Throat Before Judges Without Uttering a Word and Falls Dead in His Tracks.

Little Rock, Ark., Nov. 18.—Sam Haywood, a farmer near Monticello, Ark., was called to his door Saturday night and assassinated by a man standing at the gate, who emptied a charge of buckshot in his body.

Louis Hirsch, who was under suspicion, was taken before a coroner's jury Wednesday night and denied his guilt.

A negro juryman demanded the "voo-doo" test, calling for Hirsch's gun, saying if it was discharged, and if Hirsch was guilty, it would "sweat blood at the muzzle."

The gun was discharged, and Hirsch, mistaking the rust on the barrel for blood, plunged a knife into his throat, expiring before the jury without uttering a word.

CITY IN GRASP OF RABIES

The Epidemic That Terrorizes Terre Haute Citizens.

Chicago, Nov. 18.—Seven more victims of the rabies epidemic which has terrorized Terre Haute for 2 week rushed from the Indiana city last night to Chicago to take treatment at the Pasteur institute.

The number of mad dogs and infected cats in Terre Haute has held the city in horror of the disease for the past week and already twenty-five sufferers are patients in the Chicago institution. Monday night they were announced in improved condition.

In consequence of the rabies scare the Terre Haute city council last night provided for the employment of dog catchers to prevent the shooting of muzzled animals by the police. The officials reported 100 animals slain yesterday.

"THE WAGES OF SIN IS DEATH"

Was the Subject of Rev. Kokenöffer's Sermon Last Night.

At the First Christian church revival services on last evening there was both an increase of interest and attendance. Rev. A. W. Kokenöffer preached a strong and impressive sermon on the subject of "The Wages of Sin Is Death," in which the awfulness of sin was most graphically portrayed.

The speaker called attention to the fact that sin was vicious and deceived its followers into the belief that it could afford them pleasure and that temporarily it kept its promise and afforded "the pleasures of sin for a season," but in the end there is the sting of disappointment and death.

Preceding the sermon the song, "Though Thy Sins Be of Scarlet," was beautifully rendered by the choir. One young lady made the good confession.

All are requested to attend these interesting and helpful services.

Suit for \$1,000 on a Note.

J. W. Wright, through Attorneys Bente & Wilson, today instituted suit in circuit court for \$1,000, with interest at the rate of 8 per cent since November 23, 1895, against E. B. Powell, an attorney from Lougwood, which sum is alleged to be due plaintiff on a promissory note for the specified sum.

RACIAL PURITY IS MYTH

SO DECLARES RABBI HIRSCH IN SERMON DELIVERED IN CHICAGO.

HE ADVOCATES INTERMARRIAGE

Jews Should Unite With Other Races Is the Only Solution of a Problem That Has Agitated His Followers.

Chicago, Ill., Nov. 18.—Intermarriage into other races in violation of accepted Scriptural injunctions and years of custom was boldly advocated as a solution of the Jewish problem by Dr. Emil G. Hirsch in a sermon before the Sinai congregation here. The sermon was the first of a series dealing with the intermarriage of Jews with non-Jews and the solution of the Jewish problem.

As the only alternative to intermarriage Dr. Hirsch offered emigration and segregation and the ultimate decline of the Jewish people in the world's civilization and progress. In declaring in favor of intermarriage the noted Hebrew educator attacked the "racial purity" argument of orthodox Jewish leaders who oppose intermarriage, declaring that no such thing as a distinctive Jewish race exists, and that vaunted racial purity and unmixed blood is a myth.

"Within recent days the proposition of intermarriage of Jews and non-Jews has been more and more advanced, and this fact urges upon us who are free from prejudice careful study and consideration," Dr. Hirsch declared.

"Ever since the Jewish question obtruded itself upon Jews and Gentiles alike our great leaders have offered two solutions—either the Jew must intermarry among the white races among whom he lives or he must emigrate from the land where the fortunes of life have placed him.

"We who believe intermarriage is the only rational solution of the problem can not appeal to the Bible for precedent as our orthodox opponents do, or point to the injunction of Abraham against intermarriage. But for us this portion of the Scripture is only of historic interest as mirroring the aspirations of the ideas of the people and the time which gave it birth."

LABELS ARE MISLEADING

Not Always Responsible for "Pure Food" Declarations.

Washington, Nov. 18.—According to a sweeping decision of the commissioner of patents, any label bearing the inscription "Guaranteed under the pure food and drug acts, June 30, 1906," where such inscription is intended to imply that the government is responsible for the purity of the goods will be refused registration.

It is claimed that hundreds of packers and others throughout the country are so printing their labels as to give this impression, whereas, it is held by the officials that the government simply accepts the assertion of the manufacturer that his goods are pure and then investigates his business.

Upon proof that the pure foods and drugs act is being violated the goods are confiscated and the manufacturer punished.

CONVICTS FIRED A MINE

Eight of Them Burned to Death and One Missing.

Birmingham, Ala., Nov. 18.—Fifty state convicts employed in the mines at Pratt City formed a conspiracy Tuesday night to set No. 3 afire and escape during the confusion and as a result eight of them are burned to death, one is missing and the other forty-one are safely locked in the stockade.

Alleged Milk Adulteration.

H. C. Garman, a dairyman, was arrested by Sheriff Sprecher Tuesday afternoon on an indictment returned by the grand jury, charging him with adulterating milk. He furnished a \$200 bond for his appearance in court in January. This was the last of the four indictments returned by the recent grand jury.

QUESTIONS OF LAW AND GOOD
CITIZENSHIP.

Three attempted assassinations of prominent persons last week, one of which was successful, is a bad record. Of course, it is a coincidence that the postmaster of New York City, a former United States senator of Tennessee and an attorney high in the service of the state of California should be struck down by the hands of deliberate murderers. While it is possible these crimes may have been suggested once by the other, the fact that two were committed by irresponsible persons does not lessen their gravity. The more is this so when it is taken into consideration that both the assassination of ex-Senator Carmack and the shooting of Mr. Heney were the outgrowth on the one hand of conditions where the hip pocket pistol is above the law and on the other of a protracted period of lawlessness which has met with the weak resistance of the authorities.

Nashville and Tennessee are on trial rather than the assassins who have disgraced their names. Unless they deal with them promptly and energetically, as their cold-blooded crime merits, the south will receive another demoralizing lesson on the bullet as the protector of "honor," and the revolver will soon again play the role that sets at naught law, order and justice.

San Francisco owes a duty to the state of California and the rest of the country. She must give the law defiers, corruptionists and assassins no quarter until they are put to route and decency and good citizenship is safely and permanently supreme.

The necessity of greater respect for law and constituted authority is given too frequent exhibition in many parts of the nation and public opinion must put the necessity into realization, else grave consequences are likely to ensue.

In the last analysis crimes of this character usually resolve themselves back to questions of law enforcement and law obedience.

TWO GRIEVING EX-CANDIDATES.

Informal announcement that Henry L. Eads, of the Third congressional district of Missouri, and John Whitaker, of the Seventh, will contest the right of J. W. Alexander and C. W. Hamlin to seats in the national house of representatives indicates that sense has been subordinated to hope if the groundwork on which these

contests will be based is correctly stated.

Mr. Eads will disclose, it is said, that the election judges handed to the voter the party ballot he asked for instead of a bunch of them, while Mr. Whitaker's grievance is that his opponent did not comply with the rules of the primary in filing his petition.

When the glamour has worn off the two gentlemen will doubtless decide not to bother congress with tales of irregular operation of the election machinery that had no effect on the result. If Mr. Eads could prove his contention the most he could hope would be a nullification of the whole election in those precincts where the proceedings were technically irregular, and Mr. Whitaker would doubtless learn that any irregularity in the primary was corrected by the election. Mr. Hamlin's name may not have belonged on the ticket, but it was there and that was quite enough.

But his name could not have been placed on the ticket at all unless the secretary of state had reported it, and will Mr. Whitaker ask congress to discipline the secretary of state? —St. Louis Republic.

CONSULT THE FARMERS.

The commission on country life, appointed by President Roosevelt, will leave Washington on Nov. 18, and will visit several educational centers of the west for the purpose of obtaining information on the conditions of western country life, whether anything needs to be done to improve it, and if so, what it may be. It is proposed to hold hearings at agricultural colleges so far as practicable, as these institutions provide effective organizations for securing the attendance of persons who are well qualified to express an opinion on country life questions.

In particular, the commission invites the attendance at these hearings of representative farmers, teachers, business men, physicians and others who live in the open country or have direct relations with it. Accredited delegates from granges, farmers' clubs and similar organizations as well as farmers and others who come on their own responsibility and who are likely to be helpful in the investigation will be welcome.

The meetings will be public, but are not held for the purpose of making speeches. Full and free discussion of the various problems affecting the life of the farmer, especially those relating to the larger, economic, social and sanitary questions of the open country will form the basis for these hearings.

As the commission can meet only a short time at each place, a portion of the conference will be devoted to mapping out plans for further consideration and study of these questions, the results to be submitted at a later date for the use of the commission.

LETTER FROM A FORTY-NINER

Here is a simple, interesting and sincere letter from a rugged pioneer of '49, who braved the dangers and hardships of the Overland trail to California. It should appeal to all catarrh victims:

Santa Rosa, Cal., May 5, 1908.

Booth's Hyomei Co., Buffalo, N. Y.
Dear Sirs: I was afflicted with catarrh, and tried a number of remedies, but received no relief. I purchased an outfit of Hyomei, and before I had used the bottle I noted a marked relief. I used it for a month or so and thought I was cured, and stopped using it again. I use it every morning and keep myself clear of catarrh. I consider it the best catarrh medicine that is used. I have often recommended it to my friends. I am 81 years old. I came to California in 1849 and of course am not as vigorous as I was 58 years ago. My address is 841 4th St. Yours truly—W. Mock.

Hyomei (pronounced High-o-me) is guaranteed by the W. T. Bard Drug Co., not only for catarrh, but for grip, coughs, colds, bronchitis and croup. A complete outfit, including inhaler, costs only \$1.00; extra bottles of Hyomei, if afterwards needed, cost but 50 cents.

CAPT. O. M. CARTER FOUND

FORMER UNITED STATES ENGINEER MANAGES PLANT AT MEXICO, MO.

HE HAS BEEN THERE OVER A MONTH

Lives in Little Office, Keeps Busy and Rarely Goes Uptown—Silent as to His Suit, in Which Much is Involved.

Mexico, Mo., Nov. 18.—Capt. Oberlin M. Carter, late of the United States engineering corps, is now located in this city, and is acting as superintendent of the Mexico Brick and Fire Clay company, whose plant was recently purchased by a New York syndicate.

Capt. Carter is very reticent concerning his case in the federal courts in Chicago and refuses to discuss the merits of the suit against the government. He has been here over a month.

Carter is an unrelenting worker and lives in his office. When interviewed by a reporter yesterday he said that he did not care for any further newspaper notoriety and that he had accepted the position of manager for the local plant and was too busily engaged in the affairs of the brick works to discuss personal business.

There were perhaps not a dozen persons in Mexico who knew that the mysterious "Mr. Carter" who came here quietly and took charge of the brick plant was Capt. Oberlin M. Carter, late of the United States engineering corps, until yesterday, when the mysterious stranger's identity was disclosed by a local newspaper.

Capt. Carter is the accredited su-

A Square Deal

It assured you when you buy Dr. Pierce's family medicines for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in the cure of indigestion, dyspepsia, and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchitis, throat and lung affection, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, long-continued coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages, nor medicine who do this—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption it is the best medicine that can be taken.

perintendent of the company's plant in the eastern suburbs of the city, and according to local experts in the manufacture of brick, "he is onto his job."

Capt. Carter came here on the 12th of October, at which time it was rumored an eastern syndicate had purchased the fire brick works and had sent a man by the name of Carter to manage the affairs of the company. Mr. Carter displayed a technical knowledge of the works, but further than the fact that he was the representative of eastern capitalists his real identity was unknown.

Capt. Carter has lived in the little office adjoining the plant since his arrival, and works unrelentingly, attends to the business of the plant, which, under his supervision, is doing a flourishing business; and, while he says he has made no effort to conceal his identity, he has devoted all of his time to his work, and is not seen often uptown.

When approached by a reporter last afternoon Capt. Carter received the reporter pleasantly, and discussed the affairs locally, but was reticent upon the subject of his case, which is pending in the United States appellate court in Chicago. When asked how he came to be in Mexico, he said:

"I needed work, and having friends in the east who have means, I prevailed upon them to look into the matter of purchasing the plant at Mexico. An option on the property was secured, and I have been placed in charge to give the plant a thorough try-out; and if conditions prove satisfactory a deal will be closed.

"You see, I have business in Chicago just now which is worth more to me than my very life. I wanted to get work, and at the same time be within reasonable proximity to Chicago, where a case is now pending which means everything to me."

When asked as to the merits of his case Capt. Carter declined to discuss the matter further. He continued:

"I have no funds of my own. Everything I had in a financial way has been turned in to the United States treasury. I am entirely without means, having divested myself of whatever funds I once possessed in order to get a fair hearing."

Whatever wrong may have been committed against Carter, he displays a stoical indifference toward his plight, past and present, and seems to take pleasure in the work in which he is now engaged. He works early and late, and has succeeded in straightening out the affairs of the brick works in a manner that shows his army training.

WORK HAD NOT BEEN DIVIDED

Girl's Question Shed Great Light on Companion on Bicycle.

Marshall Geer, the chairman of the New York cotton exchange, was congratulated the other day, says the Brooklyn Times, on the superb order that his committee maintains.

"We do it by working together," said Mr. Geer. "We could accomplish nothing otherwise. Not to work together, you know, a dangerous thing. I remember the time of the bicycle craze. I set out one hot August afternoon on a tandem with a pretty girl. There was before us a stiff 30-mile spin.

"Well, I worked like a galley slave that afternoon. The perspiration simply rained off me. I could hear my over-worked heart beating thunderously. My face was a kind of bluish red. But the girl kept beautifully cool.

"And at our ride's end, as I leaned the machine against the hotel porch she touched one of the pedals delicately with her forefinger and said:

"By the way, what are these little twirlings for?"

Who Cares?

The American people are afraid of nothing under the sun. Notwithstanding the horrors upon horrors on land and sea, involving injuries to hundreds of thousands annually and death to tens of thousands, there seems really to be no scare in us. Excepting a mere handful of nerve-wrecked invalids, who takes thought of what may happen when on business or pleasure bent? Who stays away from the theaters because a few occasionally burn down, with great loss of life? Who demands a seat near an exit? Who quits riding in railroads because they kill 10,000 passengers a year and injure 80,000? Who looks for a "safe" seat? Who is afraid to travel 75 miles an hour?—New York Press.

NEW ROCHELLE—TWELVE HOURS

Sleepy Passenger Was Certainly Booked for a Long Trip.

A man boarded a New Haven local train about ten o'clock one night at the Grand Central station and promptly fell asleep. Nor did he wake until he had had a nice, refreshing, lengthy nap. Then, however, he sat up, alarmed, and took a look at the surrounding landscape. It seemed to reassure him. He settled back comfortably in his seat. Just then the conductor came by.

"When does this train get to New Rochelle?" asked the man.

The conductor smiled.

"About ten o'clock to-morrow morning," he replied.

"Wh-wh-wh-what's that?"

"This train gets to New Rochelle at ten o'clock to-morrow morning. We leave New Haven at eight o'clock, you see. In other words," said the conductor, pitying the man's helpless bewilderment, "we passed New Rochelle half an hour ago and don't hit it again till we're on our way back to New York."—N. Y. Press.

Sweet Temper and Beauty.

Beauty of grooming, correct poise and ability to make the most of one's good points count for more than a beautiful face. Any woman with a passable face may be attractive and even be considered beautiful, if she will cultivate the art of being well groomed.

"There are so many great things that go toward making a well-groomed woman," said a well-known beauty culturist. "The first thing we teach our patrons is the proper use of the mirror. We teach women to look hopeful, how to wear their clothes, how to make their eyes shine, to lift the corners of their lips, and to observe what a pleasing effect is obtained. After a time this becomes a habit, and the mirror watchfulness is no longer necessary. Good nature is an essential to a woman who would appear at her best. Grouchiness, or ill temper, is her own worst enemy. Good nature depends, of course, very largely on being well dressed, and a well-groomed woman is nearly always sweet-tempered."—Delineator.

OVERCOMES DYSPEPSIA

MORE DIGESTIVE JUICE AND NO FOOD FERMENTATION IN YOUR STOMACH.

DIAPESIN REMEDIES ALL OF THIS

Tells How to Relieve the Worst Case of Indigestion in Five Minutes—Most Obsolete Cases of Stomach Trouble Are Promptly Cured.

Does it ever occur to you how busy that little stomach of yours is? It actually only holds three pints, though in a year you force it to take in 2,500 pounds of material, digest it and prepare it for assimilation to the blood. Do you wonder at the number of cases of indigestion and stomach trouble? You crowd it with steaks and pastry, irritate its juices with spices and acids and expect this little four-ounce mill to do its work.

Is there any wonder that your food passes undigested, or lays like a lump of lead in the stomach? That everything you eat turns to acid, stomach gas and stomach poison, putrefying the intestines and digestive canals, causing biliousness, headaches, dizziness and indigestion heartburn, nauseous breath, constipation and other more dangerous symptoms.

Call your disease what you will—indigestion, gastritis, nervousness, dyspepsia, catarrh of stomach, etc.—you know the real name, the real disease is fermentation of the food you eat—a sour stomach, which belches gas and eructs undigested food or causes a feeling of nausea and miserableness.

All these miseries vanish promptly when you stop this food fermentation. Take fifty cents to your pharmacist for a case of Pape's Diapiesin. Eat a triangle, and five minutes later your stomach will do what a healthy stomach should—that is, turn every bite you eat into bodily nourishment and without you realizing that you have a stomach. One triangle will digest all the food you eat without the aid of the stomach, because it contains just the elements found in a good, strong, healthy stomach.

UNCLE SAM'S HELP

NEARLY 14,000 WOMEN ON GOVERNMENT PAYROLL.

Large Percentage Engaged in Sub-Clerical Work—Average Salary of Those in District Is \$837 Per Year.

In the last few years, outside of the departments at Washington, women have been increasing in numbers in the government service. Last year, in all the civil service positions of the national government, not including the consular and diplomatic service, there were 286,902 employees. Ten per cent. of the total were employed in the District of Columbia.

Recently the department of commerce and labor has been looking into detailed statistics concerning the full civil service employees of the country. It was found impossible to include for comparison those employees in the several departmental branches of the government presided over by cabinet heads under appointment by the president; also the employees under the Isthmian canal commission were excluded, the whole number of exclusions footing 101,028 of the army under civil service. This has left a total of 185,874 employees of the government subject to the comparisons of the investigators.

Thus for the purposes of comparison these 185,874 employees are divided according to sex into 172,053 men and 13,821 women. In Washington it was found that the proportion of women employees was 3 to 10, while elsewhere in the country there was one woman to 25 men in civil service positions. Both women and men in the service at Washington were older than were the employees elsewhere, while in the district the average salary was larger. In Washington the average salary for the man was \$1,178 and for the woman it was \$837; outside of the district the average was \$935 for the man and \$766 for the woman.

In the matter of comparative salary for the sexes the bureau says: "That the percentage of women paid at the rate of less than \$720 a year is very high as compared with that for men does not indicate that women receive less than the men for the same class of work, but reflects the fact already noted that a far larger percentage of the women than of the men are engaged in sub-clerical work or in manual labor."

In the application of this quoted paragraph all employees considered for all the country are included. To show how woman holds her own in the general classifications by salary measurements the following table is worth studying for comparisons:

	Men.	Women.
Under \$720	28,812	6,519
\$720 to \$840	20,351	1,491
\$840 to \$900	10,259	242
\$900 to \$1,000	42,486	1,804
\$1,000 to \$1,200	32,636	1,431
\$1,200 to \$1,400	16,814	1,457
\$1,400 to \$1,600	8,769	466
\$1,600 to \$1,800	3,186	153
\$1,800 to \$2,000	2,911	35
\$2,000 to \$2,500	2,314	9
\$2,500 and over	1,872	2

Still further in evidence of woman's abilities as a wage earner one may consider the above table from the \$1,000 mark to that approaching \$1,800 a year. Looking only at the abstract figures, one might take it for granted that the number of women in these classifications is markedly smaller than the number of the men. But to determine woman's real position and capabilities it is necessary to consider her place in percentages. The number of the men in this table is taken from a total of 172,053; the number of women from a total of only 13,821.

On a basis of these figures the women earning above \$1,000 and almost to \$1,800 a year are proportionately greater in numbers than are the men. In these four gradations, as shown in the salary tables, these percentages show as follows:

Salary Range—	Women.	Men.
\$1,000 to \$1,200	21.7	23.1
\$1,200 to \$1,400	23.0	11.9
\$1,400 to \$1,600	7.4	6.2
\$1,600 to \$1,800	2.5	2.2

Age advantages for women in the civil service have been touched upon as something to appeal to the sex. Sixteen per cent. of the women in civil

He announced that tonight his subject would be, "Six Facts About Hell" and that Mr. Henderson would repeat by request "The Sparrow Song." His solo last night was, "Choose Today, Tomorrow Will Be Too Late."

For an hour and a quarter Mr. Hamilton held the closest attention of the great audience while he discussed in a masterly fashion the burning question, "Can I Be a Christian and Dance, Play Cards and Go to the Theater?" He said:

"My address is especially to the Christian people because the church has pledged her allegiance to the Son of God. If card playing, dancing and theater going will give you a relish for the word of God, for prayer, loyalty to your church, to the prayer meeting, increase your influence as a soul winner, make your death-bed joyful; then by all means dance, play cards and go to the theater. If these things lessen your relish for God's word, for the prayer meeting, and impair your influence as a soul winner and cast a shadow over your death-bed, then in the name of conscience I ask you to desist from these things."

"First as to cards. There are three arguments against a Christian playing cards. The Christian who plays cards loses his influence over three classes. First the great class of un-saved people who do not play cards and who do not believe it right to play cards; second, one loses his influence over those people who are infatuated with card playing. They admit that they ought to be Christians, but say it is inconsistent for one to be a Christian and play cards. Third, one loses his influence with the very best people in the church, the praying, Bible reading, soul winning people, who do not believe in card playing."

"The second argument is that much of the card playing is nothing short of gambling. Where property, however small, changes hands over the luck of cards, it is gambling. It makes no difference about the quality or quantity of the stake, whether it is cut glass, a diamond stick pin, a peanut, a mule or a hundred-dollar bill. A lady stood before her china cabinet and with pride pointed out the many pieces of cut glass won at the card table. Her son appeared and said, 'That is nothing, mother, as he drew out a roll of bills; I won this at the game table.' She was shocked because her son was a gambler. But so was she. If he deserved a fine she deserved twice as much. If he deserved time in jail, she ought to have served twice as long, because she taught him. Four states in this country make it a crime to play for prizes."

"A third argument against card playing is that the euchre deck is the gambler's tool. I'll admit this is an old argument, but it isn't worn out and never will be until the euchre deck is worn out. I have been in hundreds of saloons and gambling halls in this country and have never been in one but I found the euchre deck there. The mother who teaches her children the first lesson in card playing in her home does not know where they will graduate in the game, whether in a gambling hell, a brothel, on the gallows or electric chair."

"The dance. I oppose the round dance, the waltz, because many who dance and who are not Christians say it is not consistent with a holy life. The dance had a bad origin. It originated among the corrupt Bohemian court circles of Europe and it was taken up by the common people. The waltz was not originated for physical exercise, it was not originated for grace of manners, nor for religious purposes. The Bible dance was for the worship of God and for religious joy, and men and women did not dance together. Those who have been infatuated with the dance condemn the dance. The testimony of many dancing masters is against it. Every great church of this country is against it. Archbishop Spalding, of New York, says that nineteen girls out of twenty who come to the confessional, confessing lapse of virtue, say the beginning of their downfall was through the dance."

"The theater. What shall I say

about the theater as it exists today, not as it might be. If the theater were what it ought to be I would be the last man to speak against it. Actors like Sothern, Dumas, Edwin Booth, McCreedy and Mary Anderson have deplored the condition of the theater. The bill boards condemn the theater. The immorality in word, act and dress is to be deplored. The immorality among the actors and actresses is against the theater. The subject matter of the average play is harmful to the players, and if the effect is pernicious upon them it must be upon the audience. The Christian who attends the theater sets a bad example and hurts his influence."

The Impression You Make

with the lady of your choice when you see fit to take her a box of confections depends in large measure upon the quality. Quality, mark you—not quantity. If the parcel has Grammar on its cover your gift will be a welcome one.

Card Index Cook Book.

Whenever you receive a new recipe from a friend or from the paper, do not write it on a loose sheet of paper and place it in a book where you probably never will be able to find it except when you don't want it. Instead, write the recipe on a new postal card and file them away in a box in alphabetical order, and reserve one card for an index. In a short time you will have a neat cook book, containing only tried and true recipes.

Sewing on Skirt Braid.

In replacing an old skirt braid or sewing on a new one after the skirt has been finished try the following method: Rip a place in the hem wide enough to insert a calling card and by slipping the card along between the outer and inner parts of the hem it will prevent the stitches from showing through on the outer side. This is of special benefit when sewing on this material.

THE LEGS

Of the stork are long; the legs of the duck are short; you cannot make the stork's legs short; neither can you make the duck's legs long. Why worry? SALOON THOUGHT NO. 18.

The annual drink bill of the United States has been, up until 1908, 2500 million. This is more than is required to support the government, the army, the navy, the schools, churches, colleges, literary science, art and music, parks, museums and libraries. If you will consider the decreased earning power of the individuals who spend this vast amount every year, you can readily understand of what a tremendous waste it is to the United States.

THE VERY BEST.

Have any of our readers seen a recent copy of the Cincinnati Weekly Enquirer? If not, it will pay to send for a copy, if for no other purpose than to note its present great worth as an educator in all things that tend to make life prosperous, and home, the happiest place on earth.

The editor by asking its readers to criticize and suggest improvements; and following advice thus obtained is enabled to produce a paper that exactly fits needs of a family and a material aid to father, mother and children in reaching that higher level in social life, where content and comfort reigns supreme.

Father obtains ample information that guides in the where, when and how to regulate and increase the income from his efforts. The mother in management of household affairs, practical economy, government of children, and other duties that makes her toil a labor of love. Children's minds and hearts are freed from thoughts of questionable amusements and frivolities of life, and encouraged to emulate all that is helpful in planning for a useful future in life.

The Grand Idea being that; "As are our Homes, so will be the Community, State and Nation."

A most desirable help, is a non-sectarian sermon each week, as preached by that Biblical Student Pastor Chas. T. Russell; a forcible reminder of the spiritual and temporal rewards gained by righteous living as preferable to a Godless life that brings nought but misery to the home.

Other departments and features are above the ordinary, the unanimous verdict of its readers being: "The cleanest and best family Weekly known to them."

Defective Vision

In nearly every school, especially the Primary grades, are one or more pupils who do not advance as rapidly as the rest of the class, and are accused of being dull, or not inclined to study. There is no doubt that a great many of just such cases are caused by lack of nervous force because of defective vision or eye strain. When a pair of perfectly fitted glasses will overcome such difficulty, why prevent your children's future. EXAMINATION FREE BY MY EYE SPECIALIST.

Furnish Free Coffee.

The Bavarian railway authorities as a temperance measure have directed that coffee, with sugar, be supplied free to train attendants and to a large class of station and permanent way men while on duty, to the amount of one liter—a little less than a quart—a day. This is intended to reduce the consumption of a beverage more likely to muddle the head, but also more popular in Bavaria.

NERVES OF LEARNED PEOPLE.

May Be Calmed by Silence, Solitude and Sleep, Says One Writer.

In an article on "Nerves," published in Harper's Bazaar, the story is told of one of our noted scientists who went to Dresden to consult the famous specialist for broken-down nerves. On hearing his symptoms the great physician said, indifferently:

"Ach, so? It is probable that you have—yes, all the gelchren (learned) have neurasthenia naturally." The remedy suggested was "Play golf and go to Egypt. You can get Munich beer in Cairo, though it is disgustingly expensive there."

Silence, solitude and sleep are the sovereign remedies suggested for jagged nerves. Slight daily doses of the three "S's," it is claimed, will prevent a nervous breakdown, and may be obtained by even the most busy people. But "All the learned have neurasthenia" is at once a warning and a consolation to the brain worker. To "drive the machine" with skill and care is the problem of the successful American.

The writer of this article urges that we ought to thank God that we belong to the most nervous, restless, all-pervading race the world has seen since the days of Julius Caesar. It is our "nerves" that make us what we are.

"If the Cap Fits, Wear It"

If not it won't hurt you. Most eyes are not properly cared for; are yours? The delicate human eye will stand so much hard work, it stands more than it ought to be expected to. But it doesn't always stand the pressure it is subjected to. Perhaps the coat fits you, if it does take our advice and have them attended to at once. Ormond, our optical expert, will give you his personal attention. Can You Afford to Neglect Your Eyes?

GOVERNOR WILSON PARDONS
MAN WHO SLEW TO PRO-
TECT A GIRL

HONOR OF WOMEN MUST BE SAVED

Good Citizens, He Believes, Will Kill
if Necessary to Aid Young Women,
Just as Was Done
in This Case.

Frankfort, Ky., Nov. 18.—"I wish to encourage all good men in every honest effort to protect young girls, and I feel perfectly clear that it is my duty to grant Green E. Howard a pardon for killing Jacob Noe in his attempt to save a girl," said Governor Willson yesterday in setting forth his reasons for the pardon.

"While I recognize in the fullest principle that the jury is the sole judge of the evidence," continued the governor, "there is no doubt in my mind but that Howard was acting from motives that are an honor to him, and certainly in a case of this kind, where a man attempts to save a girl whom he had reared, it is the duty of the governor to give him the benefit of the doubt and pardon him."

"Howard was following the girl to save her, and doing what a good man should have done. Her father was in an asylum and she had no other protector. Jacob Noe had stolen the girl from Howard's home. The men, with a half dozen others, met in the highway and fought a battle. Noe was killed, and Howard was sentenced the penitentiary. It was Howard's duty to save the girl, even if a killing was necessary."

AMUSEMENTS

WOOD'S OPERA HOUSE.

"Peck's Bad Boy."

The world is full of ups and downs of sunshine and shadows. It is a duty you owe yourself to struggle for the ups and seek the sunshine. If you are in the shadow and meet with one of the downs go to Wood's opera house on Thursday, Nov. 10, and see Peck's Bad Boy. He will lighten the one and make you forget the other. He has a full stock of new and funny things for you that can not fail to make you think for the time at least, that life is all sunshine.

It is not every season that a city

of this size, and situated as Sedalia is, gets the opportunity to judge of the merits of reigning theatrical sensations so early in their career. It is only possible in this case because of a combination of fortuitous circumstances and the enterprise of the

management of Wood's opera house, and even at that the deal has been on the verge of falling through several times.

The Greatest Actress in America Today.

Bertha Kalich, whom Manager Wood has booked for the evening of November 23 at Wood's opera house in her latest success, "Cora," is unquestionably the greatest novelty that Sedalia will have during the coming season. Madame Kalich plays but few one night stands, and fortunate indeed is the manager with the necessary enterprise to book her.

"Cora," as a production, represents the most ambitious undertaking of Harrison Grey Fliske, who is noted the country over for the elaborateness and artistic completeness of his attractions.

Fun Galore at the Sedalia This Week.

We have had hypnotists by the dozen, but no artists of this class began to equal the Flints. Their entertainment is one long laugh, as has been said. Ridiculous situations, comical speeches, funny interludes and surprising changes follow each other in rapid succession until the audience simply laughs until all are forced to hold their sides. It is the most humorous, the most astonishing, the most bewildering and entertaining evening that one can possibly spend. There is no describing it, but of all previous revelations of hypnotism, it throws them all in the shade. They are America's favorite fun makers, the heroes of hypnotism.

"Brewster's Millions."

"Brewster's Millions," undoubtedly the greatest success of recent years,

is announced for presentation at the Sedalia theater by Cohan & Harris, comedians, on Sunday night.

The play is a mixture of farce and melodrama. Those who have read the story know the plot and can readily understand its claim to popularity.

Scene and the storm at sea, in the field act. This is said to be one of the finest mechanical and electrical stage spectacles ever introduced.

Robert Ober will be seen in the role of Monty Brewster.

Camaphone at the Sedalia.

The management of the Sedalia theater announces a novelty in Camaphone, which will open an engagement, beginning Monday night, Nov. 23.

Always on the lookout for novelties for his theater, Manager George F. Hall has secured the exclusive rights of the city of Sedalia of this new talking picture device.

As the name indicates, it is a combination of moving pictures and graphophone. It is a wonderful mechanical device, which accurately reproduces the voice of the actor, and the accompanying music is exactly timed to the action of the pictures.

By the aid of immense concert graphophones every sound is projected to the audience in realistic tones, and by the aid of perfected moving picture devices, interesting scenes, vignettes and songs are given.

In all other cities where these entertainments have been given they have attracted unusual attention from regular theatergoers, as well as those who continually patronize the ordinary picture show.

The book has been followed closely in the main incidents, but it was necessary to depart from the story in one or two minor particulars to preserve the dramatic unities.

The feature of the play is the yacht

Fun Galore at the Sedalia This Week.

We have had hypnotists by the dozen, but no artists of this class began to equal the Flints. Their entertainment is one long laugh, as has been said. Ridiculous situations, comical speeches, funny interludes and surprising changes follow each other in rapid succession until the audience simply laughs until all are forced to hold their sides. It is the most humorous, the most astonishing, the most bewildering and entertaining evening that one can possibly spend. There is no describing it, but of all previous revelations of hypnotism, it throws them all in the shade. They are America's favorite fun makers, the heroes of hypnotism.

"Brewster's Millions."

"Brewster's Millions," undoubtedly the greatest success of recent years,

is announced for presentation at the Sedalia theater by Cohan & Harris, comedians, on Sunday night.

The play is a mixture of farce and melodrama. Those who have read the story know the plot and can readily understand its claim to popularity.

Scene and the storm at sea, in the field act. This is said to be one of the finest mechanical and electrical stage spectacles ever introduced.

Robert Ober will be seen in the role of Monty Brewster.

Camaphone at the Sedalia.

The management of the Sedalia theater announces a novelty in Camaphone, which will open an engagement, beginning Monday night, Nov. 23.

Always on the lookout for novelties for his theater, Manager George F. Hall has secured the exclusive rights of the city of Sedalia of this new talking picture device.

As the name indicates, it is a combination of moving pictures and graphophone. It is a wonderful mechanical device, which accurately reproduces the voice of the actor, and the accompanying music is exactly timed to the action of the pictures.

By the aid of immense concert graphophones every sound is projected to the audience in realistic tones, and by the aid of perfected moving picture devices, interesting scenes, vignettes and songs are given.

In all other cities where these entertainments have been given they have attracted unusual attention from regular theatergoers, as well as those who continually patronize the ordinary picture show.

The book has been followed closely in the main incidents, but it was necessary to depart from the story in one or two minor particulars to preserve the dramatic unities.

The feature of the play is the yacht

management of Wood's opera house, and even at that the deal has been on the verge of falling through several times.

The Greatest Actress in America Today.

Bertha Kalich, whom Manager Wood has booked for the evening of November 23 at Wood's opera house in her latest success, "Cora," is unquestionably the greatest novelty that Sedalia will have during the coming season. Madame Kalich plays but few one night stands, and fortunate indeed is the manager with the necessary enterprise to book her.

"Cora," as a production, represents the most ambitious undertaking of Harrison Grey Fliske, who is noted the country over for the elaborateness and artistic completeness of his attractions.

Found Runaway Wife Here.

Scott Agee, a negro, came here yes-
terday in search of his wife, Mary J.
Agee, who had eloped from Coffey-
ville, Kas., with Will Smith, another
negro.

The woman was found here and ar-
rested, charged with lewd conduct,
to which she today pleaded guilty.
Judge Rickman fined her \$1 and costs,
which she paid. He also sentenced
her to six months' imprisonment in
jail, but granted her a stay during
good behavior.

Smith, the woman's paramour, has
not yet been arrested.

LOOSE-WILES' VASSAR CHOCOLATES

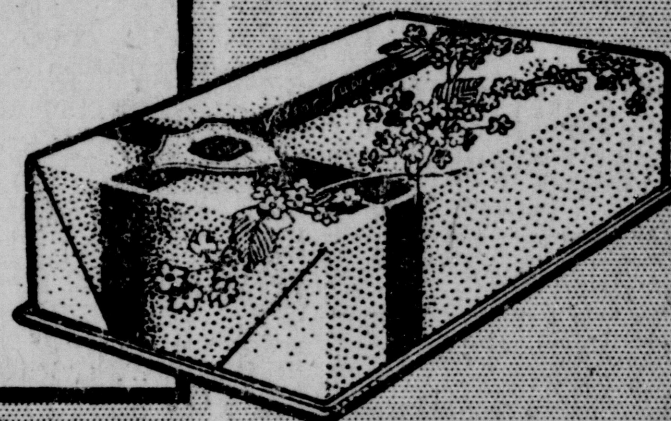

The standard confection today—popular everywhere because of their goodness.
Vassar Chocolates are a perfect blending of delicate, fruit-flavored cream
centers and rich chocolate coating—a delicious, mouth-watering
confection that captivates all candy lovers.

Each Vassar Chocolate is individually wrapped in moisture proof
parchment paper—then the whole package is triple sealed. You can
be sure of their freshness—their daintiness—their purity.

At your candy dealer, in half-pound—pound—two—three and
five-pound sizes.

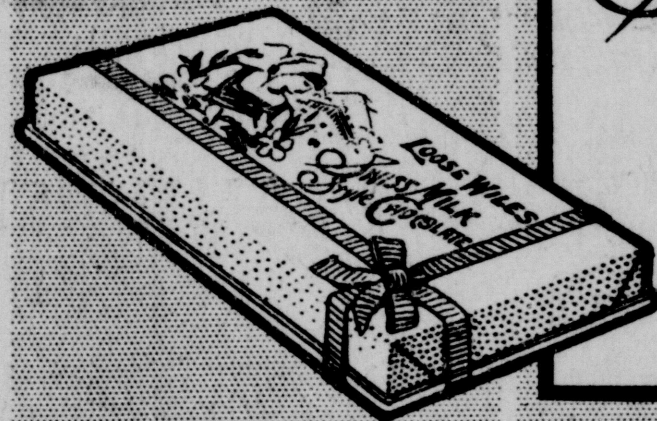

Vassar Supreme Chocolates

An "edition de luxe" of the popular Vassar Chocolates—our new style
confection that knows no rival. Incased in the exquisite chocolate
coating are two varieties of cream centers—flowing and firm. Each
chocolate is singly wrapped in waxed paper, then gold and silver foil
alternately, a fit cloak for these supreme chocolates. In pound boxes only.

SWISS STYLE MILK CHOCOLATES

Vassar made, brings out the full flavor of this dainty chocolate. It is given an
entirely new taste—richer and better than you ever before tasted. Each of
these delicious candies has a separate wrapper to preserve their good-
ness—then packed in our regular way—triple-sealed. Try them. In
half-pound or pound boxes—ask your candy man.

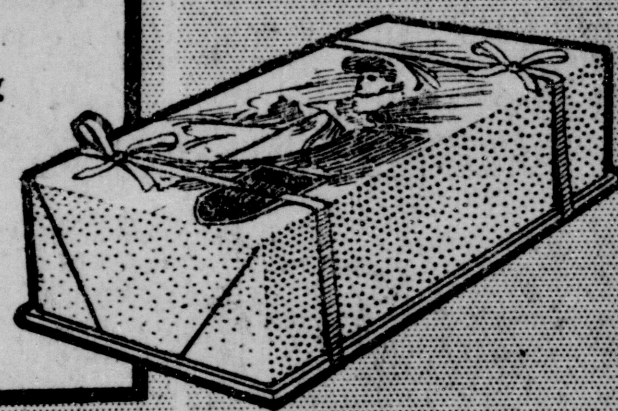

BITTER SWEET CHOCOLATES

The two confection opposites blended in perfect harmony. The piquant tang
of the deep chocolate, with the rich, sweet cream centers make a rare
combination—a sweetmeat treat that can't be beat.

Each is separately wrapped—and the whole package is triple sealed.

At your candy dealers, in half and pound boxes. Please try them.

Our name is on every package.
Look for it.

WORLD'S CITIES HARD TO KILL.

Rome Twice Burned, Six Times
Starved—Paris' Eight Sieges.

Few of the world's great cities have
not faced, at one time or another, to-
tal destruction. But a city is hard to
kill.

Take Rome, for instance. She has
been swept by pestilence no fewer
than ten times. She has been twice
burned and six times driven to submis-
sion by starvation. Perhaps it is on
account of her great vitality that she
is called the Eternal city.

Paris has gone through eight sieges,
ten famines, two plagues and one fire
which devastated it.

Constantinople has been burned out
nine times and has suffered from four
plagues and five sieges. In addition,
she has been ruled by monarchs who
were worse than a plague. Yet Con-
stantinople still flourishes.

London has been decimated five
times by plagues, in addition to visita-
tions of typhus, cholera and other ep-
idemics. She has been burned over or
less severely several times.—Stray
Stories.

Recognized the Line.

Two girls were talking over the
phone one afternoon, the subject of
the conversation being a lawn party
to take place the following day. Both
were discussing what they should
wear, and after five minutes had come
to no decision.

Right in the midst of this "impor-
tant" conversation a masculine voice
interrupted, asking humbly what num-
ber he had. A stern reply that the
wire was busy did not successfully
squench the inquirer, for he asked
again for the number. One of the
girls now became indignant and with
supreme scorn asked: "What line do
you think you are on, anyhow?"

"Well," said the man, "I'm not sure,
but judging from what I've heard I
should say I was on a clothes line."

GAMBLERS ARE MOVING ON

Gaming Halls Closed and Proprietors Are Departing.

Leavenworth, Kas., Nov. 18.—Empty are the halls where the roulette ball purred about its dizzy course. The clicking of the chips on the faro table has been silenced.

The "good old days" in Leavenworth are gone. The layouts are folded up and stored away in musty garrets and the glamour has faded.

The gambling houses that opened up November 10 have closed and their proprietors have gone.

The pall fell on the gaming tables

Saturday afternoon during the star chamber session of the city and county officials with Attorney General Jackson. Since the blow has fallen there has been an exodus of the members of the coterie of gamblers who flocked in from Council Bluffs and other towns when the word was passed that the town was "right."

BEAT HIM AT DICE

And Won Millionaire's Heart, Did Cigar Counter Girl.

Detroit, Mich., Nov. 18.—Miss Elizabeth Nichols, until a few days ago clerk at the cigar stand in the Hotel Tuller, won a game of dice with George L. Fish, manufacturer of automobile accessories, and he lost both the price of two cigars and his heart. Three months ago he challenged her to shake dice for his after-dinner cigar. She accepted. She won. He smoked more cigars in the week he was at the hotel than he had in the month previous.

The result was she went to her home in Green Bay, Wis., and her friends are waiting for her wedding announcement cards. Fish, who is said to be a millionaire, lives in Long Beach, Cal.

A SALE OF "RARE" BOOKS

COLLECTORS FROM THIS COUNTRY AND EUROPE AMONG THE BIDDERS.

ONE WORK BEARS DATE OF 1640

It is Supposed to Have Been Issued From the Famous Press of John Gutenberg—There Are Number of Other Rare Pieces.

New York, Nov. 18.—Some of the rarest and most valuable old volumes in existence are included in the list of offerings at an auction which is in progress in New York today. Representatives of book collectors of this country and Europe will bid for the rarities, and they will likely bring high prices.

Notable among the masterpieces offered is the Catholicon of Johannes Balbus de Janna, folio, old Russia, gilt, Moguntiae, 1640. This is supposed to have been issued from the famous press of John Gutenberg, and is the fourth book printed with a date. Its predecessors, the Mazarin Bible, the two Psalters and the Durandus, were printed on a different press, which was owned by Fust & Schoeffer at the date of the publication of the Catholicon.

Another famous rarity is the edition of the Imitatio Christi by Thomas a Kempis, printed by G. Zainer at Augsburg about 1471. There is also a copy of the Summa de Sacramentis by Johannes de Aurbach, the second book printed at Augsburg by Zainer, 1469.

Others among these masterpieces are:

The second edition of Livy, printed in Rome by Udalricus Gallus not later than 1470. It is the Sutherland copy.

The first Florence edition of Dante, 1481, with Landino's commentary and engravings after Botticelli.

The rare and valuable Nuremberg Chronicle, 1493.

"SINS OF THE TONGUE"

Illustrated by the Priest to His Female Congregation.

Marion, Ohio, Nov. 18.—"The best advertising medium that any person can have is to tell a woman something and request her not to mention it," said Rev. Father Henry Healey, of New York, who is conducting the annual mission services at St. Mary's Catholic church.

He was speaking on the subject, "Sins of the Tongues," and related an incident of a false story started by a woman who told her best friend not to repeat it.

The latter confided it to another woman and added an extra bit of embellishment. After passing between seven different women the story returned to the starting point and was not recognized by the woman who originated it.

GREAT SKI TOURNAMENT

Sport Is Becoming Popular in the United States.

Eau Claire, Wis., Nov. 18.—Eau Claire is preparing for the greatest ski tournament ever held on this side of the Atlantic when the National Ski Association of America meets here on February 6 next.

Thirty-five clubs, with 3,500 active members, are now affiliated with the association. Officials state that the sport is rapidly becoming popular in the United States, and it is expected that many new clubs will be organized this winter in the northern and eastern states.

WILL FIGHT IN DENVER

Packy McFarland and "Fighting Dick" Hyland to Meet.

Denver, Nov. 18.—Otto Floto, the prominent circus man and sporting editor of a Denver paper, has been given permission to pull off one good lightweight contest in the "mile high" city, and Packy McFarland and "Fighting Dick" Hyland will probably be the principals in the contest. December 18, a month from today, will probably be the date of the battle.

The mill is scheduled to go twenty rounds. Denver sports are eager to see a good fight and if the affair is successfully arranged a monster crowd will doubtless witness the bat-

New York, Nov. 18.—Our Carrie, sick-a-going to take a steamboat and sail away, The Scotch highball is doomed. Our gain is Scotland's loss. And much more to the same general effect. Listen:

On the passenger list of a trans-Atlantic liner, due to sail next Saturday, appears the name of Carrie Nation. Sure, it is "the" Carrie Nation, the Kansas tornado, the Oklahoma typhoon, the saloon smasher, the lady with the hatchet and the big voice. And she is going to Scotland to reform that section of King Edward's domain.

"The prohibitionists of Scotland have called me and I must go," says Carrie. "Before I leave I hope to see every drop of the damnable Scotch whisky poured into the gutters," said she. "Not as how Scotch whisky is worse than any other kind," admits Carrie, "but over in Scotland a great many people consider whisky-swilling respectable, and they need to be told a few things," declares Carrie, with the air of one who feels able to tell "em. "Why, even church people drink booze in Scotland," asserts the saloon smasher in a tone of horror.

Mrs. Nation thinks that the rum demon is on the run in the United States, and she believes this country can spare her for a little while in order that she may carry glad tidings of prohibition to more sinful lands. When she comes back to America Mrs. Nation says she will begin a warfare on tobacco that will make the growers, manufacturers, sellers and users of the filthy weed sit up and take notice.

MATCH BROKEN OFF

Beauty With Good Right Mitt Walled Former Beau.

Latrobe, Pa., Nov. 18.—This town is much excited over a fight which took place here between Miss Lizzie Hermanpeck, an athletic beauty of the village, and her intended husband, Charles Tell.

The match had been broken off, and Miss Hermanpeck, having been told that Charlie had been talking about her, called her younger brother and asked him to see that she got a square deal when she started to whip Tell.

She went down to the Loyal Hanna brewery, where Tell is employed, called him out and met him with a stiff right-hand punch in the face. It was a short but rattling battle, in which the hard-hitting girl had the best of it. She and her brother are out on bail.

GOVERNORS TO ATTEND

The American Mining Congress in Denver.

Pittsburg, Pa., Nov. 18.—Governors of several coal mining states have already accepted invitations to attend the American Mining congress in this city early next month.

Every effort is being made to insure the participation in the congress of the chief executives, senators and representatives of all the principal coal mining states, in order to secure uniform laws for the protection of the life and limb of miners. Many other mining reforms will be considered by the congress.

THE FRENCH AUTO SALON

Preparations Going Forward for the Annual Opening.

Paris, Nov. 18.—Preparations are going rapidly forward for the opening of the annual French Automobile salon on the last day of the month. The affair will be by far the greatest motor car show ever held anywhere.

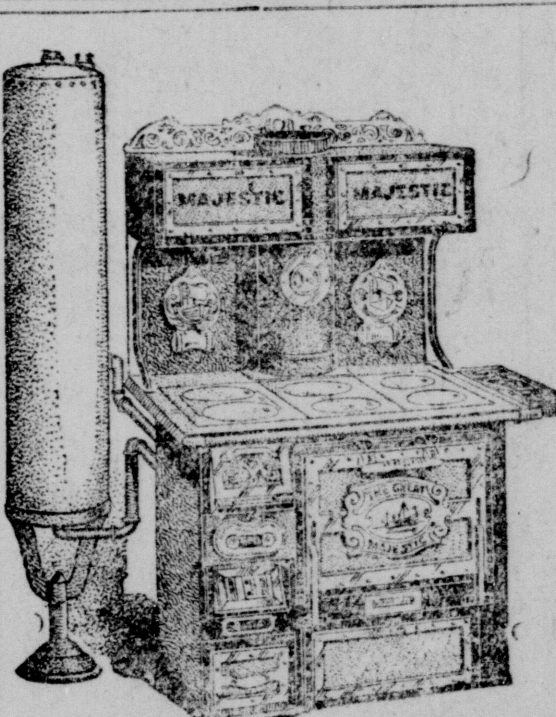

The International Congress of Automobile clubs will hold a special session on November 30 to consider the unification of automobile laws, in order to render international touring as convenient as possible.

At present, the widely varying motor laws of the different countries of Europe makes motoring a troublesome and annoying pastime. American tourists are especially interested in the movement for a unification of the statutes.

Death of a Legislator.

J. O. Morrison, aged 72 years, a democrat, and representative-elect from Vernon county, died Tuesday. Governor Folk will call a special election to fill the vacancy.

Manila, Mo., Nov. 17.
Miss Emma Keyte entertained quite a few of her friends Sunday.

I have found California to be an ideal winter resort. Thousands of other persons have made the same discovery. Ideal for those who wish to be secure against winter's chilling blasts, its snows, its discomforts.

These flowers bloom, birds sing and fruit is ripe at a season when here the reverse is true.

For persons desiring to play golf, fish, swim, go boating, automobile, or indulge in other outdoor sports during the winter, or gain or retain health, California is the place.

I've traveled over the Santa Fe and know a great deal about it. I always recommend it to my friends who want the best. That shows my confidence in Santa Fe service.

I know California and the Grand Canyon of Arizona like a book, and am competent to give full information about the trip, the climate, and what to do after reaching there.

If you have any friends planning a trip to California, send me their names and addresses, and I'll send you free copies of prospectus, illustrated books about California and the Grand Canyon of Arizona.

HOLD MEETING AT CORPUS CHRISTI

A Side Feature Will Be a Steamboat Excursion to Aransas Pass—Meeting to Close With Grand Banquet

Corpus Christi, Texas, Nov. 18.—Improvement of all the navigable streams of Texas and the construction of an inter-coastal canal are the objects of the state waterway convention, opened here today. Distinguished men are in attendance, and surrounding states, as well as all parts of the great Lone Star empire, are represented.

One of the most interesting features of the conclave will be tomorrow's steamboat excursion to Aransas Pass, where Uncle Sam is making possible the building of another sea port so badly needed on the Texas coast. An army of men is now engaged there under a \$490,000 contract in building a second jetty which will give from twenty-five to thirty feet of water over the bar.

Immediately adjacent a powerful dredge is at work under another contract digging a ten-foot channel from the pass into Corpus Christi bay. This new route, known as the Turtle Cove channel will lessen the distance from Corpus Christi to Aransas Pass from thirty-five to twenty miles. It will be completed by February 1 next year. The delegates will view this stupendous work as the guests of the Corpus Christi Commercial club. At noon a splendid luncheon of sea food will be served at a hotel at the pass.

At 9 p. m. after the return to this city, the convention will be brought to a close by a magnificent banquet complimentary to all visitors. This feature will cost the city of Corpus Christi several thousand dollars and orators of national fame will respond to toasts.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey and Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results.—Arlington Pharmacy.

MUCO-SOLVENT

The Great Diphtheria Preventive

Should Be Kept In Every Home in the Fall and Winter Months

Nearly all diseases which affect the membranous passages begin with the simple evidence of a cold. At the first sign of a cold in the throat or air passages, use Mucosolvent. Not only is it an unequalled specific for all such troubles as coughs, colds, croup, whooping cough, etc., but diphtheria and scarlet fever germs cannot live in

Muco-Solvent

This fact was thoroughly demonstrated by an official bacteriologist in a thorough test at an experiment station conducted on behalf of the United States government. Mucosolvent is for sale by first-class druggists, and should occupy a prominent place in every domestic medicine closet.

PAIN

Pain in the head—pain anywhere, has its cause, pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gentle, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are restless, nervous, it's a blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

HARDWARE MEN TO MEET

TWO ASSOCIATIONS ARE HOLDING ANNUAL SESSIONS IN MEMPHIS.

FACING A SEASON OF PROSPERITY

The Trade and Its Demands the Chief Topic of Discussion—No Business Session to Be Interrupted for Frolic.

Memphis, Tenn., Nov. 18.—Over a thousand delegates from every important manufacturing and jobbing city of the land are in Memphis today at the opening of the annual joint convention of the American Hardware Manufacturers' association and the National Hardware Jobbers' association.

Three days will be occupied by the deliberations of the delegates, and many matters of importance affecting the hardware trade will be taken up. Among the visitors the country is almost universal that the country is facing a season of renewed prosperity. This note of optimism is sounded by the delegates from every section.

The sessions of the convention will be held at the Hotel Gayoso and will be strictly executive in nature. The trade and its demands will be the chief topic of discussion, but the general public will not be taken into the secrets of the meeting.

One of the rules of both associations is that no business session can be interrupted for pleasure, and the members will seek their entertainment at night.

The Hotel Gayoso is the headquarters for the jobbers and the Peabody hotel the headquarters for the manufacturers.

Little Miss Evelyn Albee of Alma Center may deservedly be called a heroine. A few days ago, while playing near an open well, she accidentally stepped in. The well was 18 feet deep, with six feet of water. Her playmate heard the splash, but was too frightened to call for assistance. Miss Evelyn, who is not six years old yet, was equal to the occasion and clambered to the top, unaided and unharmed. "How did she do it?" is the general question asked, but no one but the lady herself knows, and she wishes to forget it. That she wasn't hurt in some way was truly remarkable.—Kenebec Journal.

Again the Hair.

The man's hair, at 47, was so thick and dark that it gave him an abnormal and coarse look—the look somehow, of the proprietor of a swindling sideshow. He was, however, a millionaire banker.

"All this talk about the hair turning gray if you go bareheaded is false," he said, "except in the case of those who don't use brilliantine. Since I was a boy of 18, when my hair got very thin, I have gone bareheaded all summer long by a hair specialist's advice. To that I impute my excellent crop."

"Of course, my hair, dried by the sun and wind, would have turned gray if I hadn't oiled it with brilliantine daily. I oiled and brushed it till it shone like satin. That combination—hair oiled daily to the sun and oiled daily with brilliantine—positively assures a thatch that will last out the lifetime. And this treatment staves off rather than brings on grayness."

Special Train to Carry a Wreath.

Carelessness on the part of some court official recently rendered needless the sending of a special train from Budapest to Vienna to carry a laurel wreath for the tomb of the murdered Empress Elizabeth. It is the custom every year to make up on the empress' estate at Godollo, in Hungary, a gigantic laurel wreath to be laid on the empress' coffin in the vaults of the Capuchin church on the eve of the anniversary of her assassination. This year when the official in charge of the wreath arrived in Budapest he found that the wreath had not been put in the carriage. To go back for it was to lose the train and as it was imperative that the wreath should be laid in the imperial vaults that evening, the court chamberlain ordered a special train to carry the wreath over the 163 miles between the Hungarian and Austrian capitals.

"BABY MINE"

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," says many who have used it. \$1.00 per bottle at drug stores. Book of value to all expectant mothers mailed free.

DEMAND MONEY REFORM

NATIONAL CURRENCY CONVENTION IN SESSION IN NEW YORK.

NO BANKERS ARE ALLOWED THERE

That: Reform in Nation's Currency System Is Urgently Needed Was Recognized by the Last Congress.

New York, Nov. 18.—A preliminary meeting of the National Currency convention, composed of delegates from leading commercial organizations throughout the country, was commenced in New York today. No bankers are allowed to sit in the convention. Each large city in the country has representation. The purpose of today's meeting is to arrange the details for a national currency convention of commercial interests to be held before the sixty-first congress begins its labors.

That reform in the nation's currency system is urgently needed was recognized at the last session of congress and a special commission was appointed to recommend changes that could be adopted and which would prevent a tightness of money such as experienced a year ago. The purpose of the currency convention is to get the views of the business men of the country on the subject.

When the Chamber of Commerce of Pittsburgh inaugurated the movement for this convention the bankers of the country were purposely excluded from it. The real intention was to secure the opinion of the men engaged in industrial and commercial pursuits and these will be obtained

at the convention. This convention will make recommendations of changes to the existing currency laws and these will be submitted to the congressional commission, with a request that they be carried into effect.

LEFT ON HER DOORSTEP FOR THIS MOTHER

Mrs. A. G. Tuson, of Livermore, Cal., writes: "I picked up from my doorstep one day a little book in which I soon became very much interested. My little girl of five years of age had been troubled for a long time with loss of appetite, extreme nervousness and undue fatigue. She was all run-down and in a very delicate condition. 'This little book was very comprehensively written, and told of the new method of extracting the medicinal elements of the cod's liver from the oil, eliminating the obnoxious oil which is so hard for children to take.

"Just the thing," said I, 'for my little daughter,' and I immediately went for a bottle of Vinol. It helped her wonderfully. She has gained rapidly in flesh and strength, and she does not take cold half so easily.

"I am extremely grateful for the good it has done her, and I hope other mothers who have weak, delicate or ailing children will be benefited by my experience and just give Vinol a trial."

SPRING FORK ITEMS.

Spring Fork, Nov. 16.

A great many of us expect to attend the box supper at John Coffey's tomorrow evening, November 17, given for the benefit of the Spring Fork Catholic church.

Mrs. C. F. Devoll spent Friday with friends at Mora.

Mrs. R. J. Ross, of Coffeyville, Kas., and Dr. A. A. Garrett, of Indiana, visited a few days this week with their sister, Mrs. George Rider.

Mrs. B. A. Dump, of Mora, spent one day last week with Mrs. Clarence Dump, west of here.

Mrs. C. F. Devoll left Sunday for Sedalia, where she will visit her brother, Phillip Sullivan.

Daniel Donahoe has been spending a few days in Sedalia at the bedside of his niece, Miss Katie Donahoe, who died Monday night.

Mr. William O'Farrell, west of here, who rented his farm some time ago for the coming year, has gone to Idaho to look for a location. If everything proves satisfactory he will move there in the spring.

Mr. G. H. Ray and son, Grover, drove to Sedalia on business Monday. Master John Joseph Schuber, who has been quite ill for some time, is reported much better.

Mrs. Anna M. Ross is arranging to have the barn rebuilt on her farm west of her which was burned about two months ago. She has employed C. E. Frisbie to do the work.

Don't forget to come and win a goose at the shooting match to be held at this place on Thanksgiving, November 28.

The Bleached Flour Hearing.

Washington, Nov. 18.—Whether bleached flour is healthful is the problem to be decided by the board of food and drug inspection at a hearing today.

Prominent millers appeared before the board to defend the practice of

bleaching flour. It is alleged that the public demands flour of snowy whiteness and that the unbleached product would be unsalable.
